Flowers available                      Bouquet flower choices:

Orchids – White, Mauve and Purple Frangipanis, Ginger, Anthurium

There are four types of flower available:

- Red and pink gingers - available all year round.

- Heliconias in dark orange & black, yellow & pink and light orange - also available all year round. '

- Dendrobium orchids in white, or shades of purple - in high demand and low supply between the months of July and October; the most popular flowers for weddings.

- Pink anthurium - available all year round. There are other colour variations such as red, white, peach, chocolate and green but these are not always available.

- Frangipani is another popular option but is seasonal and weather dependent. Beautiful arrangements of this quintessentially tropical bloom look and smell great, however some florists discourage the use of these flowers as they have a tendency to wilt and brown quickly after picking.
